

What's the difference between my **WSIB** & **TELUS Provider ID**?

Use this document to understand the difference between your WSIB and TELUS Providers IDs and to learn where to locate them.

WSIB Provider ID

An ID for every billing profile. You are assigned a unique WSIB Provider ID for each of your billing profiles. For example, if you are a provider with three service addresses, you have three WSIB Provider IDs. The WSIB Provider ID is not used when logging in, but is displayed when submitting a bill (see below).

Use your WSIB Provider ID to identify yourself when calling the WSIB for assistance with questions regarding billing and payments.

Find your WSIB Provider ID:

1) In the first email you were sent from TELUS Health once your registration was processed.

2) In the header on the bill or form submission screen.

Welcome to the TELUS Health WSIB Services.

Find below the login information for the user registered to submit claims through the Provider Portal. We will send your temporary password in a separate email. For security reasons, please do not share your login information.

Username	BIBA200126600
----------	---------------

Your identification numbers

WSIB Provider ID	TELUS Provider ID
110000838	200126600

TELUS Provider ID

A unique ID. The unique TELUS Provider ID was assigned to you when you initially registered. This ID forms the numeric portion of the username you use to log into the TELUS Health provider portal. For example, if your username is BIBA200126600, your TELUS Provider ID is 200126600.

Use your TELUS Provider ID to identify yourself when calling TELUS Health for assistance with questions regarding changes to your profile and using the provider portal.

Find your TELUS Provider ID:

1) In the first email you were sent from TELUS Health once your registration was processed.

2) In the My Account (🔒) menu of the provider portal.
