**B. Information to be Completed by Prescribing Physician**

Drug Name	Strength	Dose
Lenvima (lenvatinib)		

**Lenvima (lenvatinib) will be eligible for reimbursement only if the patient satisfies one of the conditions listed below, AND has failed an adequate trial of the corresponding treatment of choice as indicated on the form. The treatment of choice may also be subject to prior authorization. Failure of the treatment of choice is defined as a serious side effect, contraindication, and/or an ineffective response. Coverage will then be considered only if the patient does not qualify for coverage under any other drug plan or government mandated program. If the patient is covered under another drug plan or government mandated program, the prior authorization program, as part of your drug benefits, may cover the portion not paid for by the primary plan. If "None of the above criteria" is indicated, the patient will not be eligible for reimbursement. For Quebec plan members, please refer to the RAMQ exception drug criteria, if applicable.**
